

Please read carefully as this year our summer model is different from the previous years.

- * This punch card includes 4 lessons as marked on the front side.
- * For each lesson, you need to present this punch card and it will be punched by a teacher.
- * The card is not transferable and lessons are not interchangeable: each package can only be used by one student for one particular class: if you buy it for Math, all 4 lessons have to be math, and not 2 piano, 2 math, etc.
- * If the teacher of Math, Chess, English, Russian, or Singing finds 2 or more students of compatible levels, s/he will offer to switch from a 30-minute private to a 60-minute semiprivate format. Instrument lessons are always private.
- * A \$20 discount applies for more than one package for the same student - either different classes or more than one package of the same class (i.e. 4+4 lessons). Call 973-758-1500 or email info@doremi-nj.com
- * No refunds for any reason.
- * The initial scheduling will be done by the office, but rescheduling if needed has to be resolved with the teacher based on his or her availability.
- * If you want to add 1, 2 or 3 lessons to your original 4 (the same class, teacher, and lesson length), please call 973-758-1500 or email info@doremi-nj.com.
- * All summer lessons have to be taken before September 1, 2024, and will not be credited or rescheduled after 9/1/2024. The punch card will expire on 9/1.
